

Start your journey of
DISCOVERY!

Bring your curiosity to life.

Junior Product Manager (m/f) for Mobile Analytics Products (limited for 24 months) (Req ID 163979)

A career at Merck is an ongoing journey of discovery: our 50,000 people are shaping how the world lives, works and plays through next generation advancements in healthcare, life science and performance materials. For 350 years and across the world we have passionately pursued our curiosity to find novel and vibrant ways of enhancing the lives of others.

Your role:

As part of our global strategic Product Management team for Water, Environmental and Food Analytics, you will define and manage global product life cycles, market position, and revenues of our Test Strips, Reagents and Smartphone App portfolio. You will execute the global marketing plan and support training and sales activities for global commercial teams and customers. Your customer insight will support the business strategy to execute new product launches. You will drive innovation, identify business opportunities and act as R&D counterpart in new product development of e.g. our Smartphone Apps. You will execute Product Improvement R&D projects driving digitization, as owner of product specifications (URS), market research projects (in-house and external), and global product launches. (...)

Who you are:

- Master/PhD or equivalent in Science (e.g. Chemistry/Biology/Biotechnology)
- 1-3 years' working experience in Product Management or Water/Food/Environmental Analytics preferred
- Strong communication skills in German and English
- Strong analytical skills, self-organized, big-picture thinking
- Willingness to travel globally (10%)

What we offer: At Merck, there are always opportunities to break new ground. We empower you to fulfil your ambitions, and our diverse businesses offer various career moves to seek new horizons. We trust you with responsibility early on and support you to draw your own career map that is responsive to your aspirations and priorities in life. Join us and bring your curiosity to life!
